

KENYON KNIGHT RACING

2025 SPONSORSHIP PACKAGES

MEET THE DRIVER

Hi, my name is Kenyon Knight. I am from Rochester Hills, Michigan and I race at Flat Rock Speedway. I am a fourth-generation racecar driver and have been going to the racetrack since I was little.

I began factory stock car racing when I was 14 years old and advanced to street stock at 18. The summer of 2025 will be my fourth season racing in the street stock division. My racing mentors and biggest inspirations are my father, uncle, and grandfather. What excites me most about racing is the competitive spirit among the drivers.

When I'm not at the racetrack, I currently work as a General Motors World Class Automotive Service Technician and I'm working on obtaining a Bachelor's Degree in Management.
